Happy Holidays

2

CLASS - 5

Dear Parents,

Vacation is a welcome break!

Summer vacation are synonymous with fun, frolic, getting up late, playing for longer hours and watching fun filled shows on television.

There is a lot more we can do to make these vacations more interesting.

- like scrabble, chess, atlas and word building.
- Get up early in the morning and see the rising sun. Do indoor exercises / yoga and stay healthy and fit. Spend quality time with your elders and share your thoughts and ideas with them.
- Eat healthy food and drink lots of water during summer.
- Assign a permanent workplace and a work-time for your child. This encourages discipline.
- Inculcate good manners- 4 magic words 'please, thank you, excuse me, sorry'-use them and see the difference.
- Encourage your child to help around the house work and do small household jobs like dusting, watering the plants, laying dinner table etc.
- Guide the child to keep his room and things clean and well organized.
- Motivate your child to take up yoga or any other form of healthy activity.
- As much as possible, try to converse in English with your child.
- Encourage your child to read books (e books) and children's magazines.
- Integrating curriculum helps students deepen their understanding of the subject matter and comprehend relationship between different areas of study. This year's holiday homework has been designed keeping this interdisciplinary aspect in mind. Being responsible citizens, it becomes our duty to create awareness about environmental issues.
- Parents are requested to just guide the children to complete the task on their own.,

Regards,

Class teacher

EVS

1. Recycled Craft (Creative)

Objective: Promote recycling and creativity.

Create a useful item (like a pen stand, bird feeder, or flower pot) using waste materials like plastic bottles, old newspapers, or boxes.

Decorate it creatively.

Write 5–6 lines about how recycling helps the environment.

2. Nature Walk Scavenger Hunt (Outdoor Activity)

Objective: Connect with nature.

Go on a nature walk with your family (park or garden).

Make a list of 5 things you saw (insects, leaves, flowers, birds, etc.).

Paste or draw them in your scrapbook.

3. Measurement of Mass and Time

Activity: "Weigh & Watch – My Kitchen Science Lab"

Objective: Understand how to measure mass and time in everyday life.

What to Do:

Weigh them using a kitchen scale and record in a table.

Time yourself or a family member doing a daily activity (e.g., brushing teeth, watering plants).

Present your results in a colorful chart or scrapbook page with headings:

Item

Weight

Activity

Time Taken

Add a title: “Time and Mass in My Daily Life!”

Creative Element: Make it look like a chef’s diary – decorate with spoons, clocks, food stickers, etc.

4. Activity: "Shadow Puppet Theatre"

Make 3–4 shadow puppets using black paper or cardboard (animals, trees, people).

Set up a white screen (paper or wall) and shine a torch or sunlight behind the puppets.

Create a short shadow story (2–3 minutes) and take pictures or draw the scenes.

(Write what you learned:

What makes a shadow?, When is the shadow big/small?, Can shadows change shape?)

Creative Element: Make a mini booklet titled “The Magic of Light and Shadow”.

5. Indian Freedom Struggle – The Beginning

Activity: “Timeline of Courage”

Objective: Learn about the early phase of India’s freedom movement.

What to Do:

Make a timeline chart (on A3 paper or chart paper) of important events from 1757 to 1919.

Include events like:

Battle of Plassey (1757)

Revolt of 1857

Paste or draw pictures of key freedom fighters (Mangal Pandey, Rani Lakshmi Bai, Bal Gangadhar Tilak, etc.)

Write 1–2 lines about each event.

Creative Element: Decorate it like a scroll or ancient map with patriotic colors.

6. Temperate, Tundra & Tropical Regions

Activity: “Around the World with Climate Zones”

Make a 3-fold flipbook or 3 separate pages.

For each region (Temperate, Tundra, Tropical), include:

Climate features

Animals found

Plants and trees

What kind of clothes and homes people use

Paste or draw pictures to show the differences.

Creative Element: Use cotton for tundra snow, real leaves for tropical forest, and colored paper to make pop-ups.

(Submit in a file and project)
